we take the food
we fuss and fight
by the time were through
ive lost my appetite

so i give up
i will let u win
i miss the taste of your kiss
the smell of your skin

you're all.. i need
i cant let you go
you're all.. i need
i cant let you..

go.. girl

whats so good about it
saying that im right
if i gotta go without
youre love another night

cold and bittersweet
is the taste of pride
i miss the warmth of your body
here by my side
and baby i realized

you're all.. i need
i cant let you go
you're all.. i need
i cant let you..

you're all.. i need
i cant let you go
you're all.. i need
i cant let you go girl

i put up walls all around my heart
your love can help me tear it down
now how i see that i dont want to be

protected if thats means that you're not here with me
for...

(x10) youre all i need.. i cant let u go
