Son what you don't understand  
My words, might never explained  
So I am hoping that time will  
Things may not go as you planned  
Dark clouds might bring you pain  
But I will be in your heart still  
Telling you

Chorus:

Don't look down  
Don't feast your eyes on things that are on the ground  
And if it gets hard to focus  
When you're driving almost at the speed of sound  
Feeling nowhere bound  
Remember what I told you  
And don't you dare look down  
Don't look down..Ohh

Verse 2:

No father wants his son  
To repeat the wrongs that is done  
I want you to get it right child  
I won't always be here for you  
So to yourself always be true  
And if you get lost  
Use your inner light child  
Shining

Chorus:

And don't look down  
Don't feast your eyes on things that are on the ground  
And if it gets hard to focus  
When you're driving almost at the speed of sound  
Feeling nowhere bound

Bridge:

Almost out of control  
Burn rubber and not your soul  
Because something is within  
That you can count on when  
There is no hand to hold  
When the world seems dark and cold

Remember what I told you  
And don't you dare look down

Don't you dare look down  
Don't look down  
When your driving almost at the speed of sound  
Don't you dare look down  
Don't look down
