under the doubt and the debris
I found out that all along
there's been a king in me
And I'm gonna fly

Though I have fallen short
My sun one day will rise
Against your concrete backdrop
Above your smoggy sky
And I'm gonna fly

And I will say it loudly
I have been set free
I have taken flight
because there is a king in me

And I'm gonna fly
I'm gonna fly
yeah, there is a king in me
There is a king in me
There is a king in me...
