Yesterday Shutting Down

Two more hours and I'll be gone
And leave my bad, bad deeds to carry on
My train is coming and I wanna ride
Beyond the horizon 'til it's gone from sight.

If you let me apologize for what I've done
And forgive me I'm not quite what I will become
But if heaven says it is fine then let me slide (get by)
Then give it just one more try

To get it right

Can you hear it creeping?
Can you smell its breath?
I've got eight behind me now
And two more left

Oh if you love me Baby
you'll let me leave
So I can put on my wings and I can get my long
overdue release

If you let me apologize for what I've done
You gotta forgive me I'm not quite what I will become
no
But if heaven says it is fine to let me slide (let you just
slide on by)
I'll give it just one more try (you give it just one more
try)
And I believe I'll get it right
if I leave here tonight
I said I wanna leave here
I wanna leave here

I, I wanna move on with the rest of my life (yeah)
I, I wanna move on with the rest of my life
It's coming around
(It's coming around)
This sleepy town

(This sleepy town)
This is the sound of yesterday shutting down
(This is the sound yesterday shutting down)

Let me apologize for everything yeah
All of the pain that the demons in my bottle bring yeah
Y'all but if heaven says it is fine then let me slide
I'm giving it one more try
You know I need a little wind to give me flight (huh)
I think I'm gonna leave here tonight
I'm gonna leave
I'm gonna leave here

I wanna move on with the rest of my life
(I'm gonna move it along)
I wanna move on with the rest of my life
(I'm gonna move it along)

It's coming around
This sleepy town
(This is the sound)
This is the sound
(This is the sound)
Of yesterday shutting down

It's coming around
This sleepy town
(This is the sound y'all)
This is the sound of yesterday shutting down (shutting
down)

It's coming around
(It's coming around)
This sleepy town
(This sleepy town)
This is the sound of yesterday shutting down
(Yesterday put it behind me
I wanna put it behind me)

It's coming around
It's coming around
This sleepy town
This is the sound of yesterday shutting down
(Yesterday shutting on down)

It's coming around
This sleepy town
This is the sound of yesterday shutting down

It's coming around
This sleepy town

(This sleepy town)
This is the sound of yesterday shutting down

(Ooh Ooh ooh ooh
I been waiting to hear that sound
That is the sound y'all of yesterday shutting on down)

It's coming around
It's coming around
This sleepy town
This is the sound of yesterday shutting down

It's coming around
It's coming around
This sleepy town
This is the sound of yesterday shutting down
