Deceit

Verse1:

I don't appreciate your lies,
The ones you hide behind despise you,
Did you ever realize
the ones you hurt will always find you?

Chorus:

Your deceit is why I'm screaming,
My life's abandoned meaning,
You're hungry but I'm starving,
You're dirty but I'm filthy,
I'm awake now I was dreaming

Verse2:

Words you speak have lost their meaning,
I wonder what else you're concealing,
Piece of mind I just cant reach,
along with everything I seek

(Chorus)

Verse3:

You're blinded by your ignorance,
to everything you've hurt,
I'm running out of tolerance,
when you make me feel like dirt.

(Chorus)
