**Verse1:**

I don't appreciate your lies,  
The ones you hide behind despise you,  
Did you ever realize  
the ones you hurt will always find you?

**Chorus:**

Your deceit is why I'm screaming,  
My life's abandoned meaning,  
You're hungry but I'm starving,  
You're dirty but I'm filthy,  
I'm awake now I was dreaming

**Verse2:**

Words you speak have lost their meaning,  
I wonder what else you're concealing,  
Piece of mind I just cant reach,  
along with everything I seek

(Chorus)

**Verse3:**

You're blinded by your ignorance,  
to everything you've hurt,  
I'm running out of tolerance,  
when you make me feel like dirt.

(Chorus)
