Verse1:

Lipstick on the milk bottle,
Who's been drinking all my cream?
Going at it full throttle,
Looks like self esteem

Chorus:

I'm stuck in a rut and I like it,
I'm stuck in a rut and I like it,
I'm stuck in a rut so leave me here

Verse2:

Lipstick on the bathroom wall,
Oh your hair's a mess,
Coughing up one more hair ball,
Is this your s.o.s.?

(Chorus)

Verse3:

Lipstick on the cigarette,
You always suck it dry,
Lived your life with no regrets but,
memories make you cry

(Chorus)

Verse4:

Lipstick on the dead mans face,
Oops did your hands slip?
Walk away with awkward grace,
Be sure to leave a tip.

(Chorus)
