Nobody's calling  
Asking myself why  
Voices from nowhere  
Just tempting me to try

Now I don't even know you  
Or why I even care  
Bizarre tales and mysteries  
Keep asking why you're there

Somebody's leaving  
Desert eyes enraged  
Too busy watching  
While nothing stays the same

Now you don't even know me  
Or why I really care  
Looking through the windows  
Seeing sand blown in despair

Everybody's saying  
Something's gone wrong  
Enemies surround you  
It's been silent for so long

Now I can't even see you  
It's better left this way  
Fading fast in memories  
I knew you'd never stay
