You were the petals, were the petals of my rose.
The most beautiful, beautiful part of the flower.
But you wilted, you wilted and fell to the ground
Where you couldnt breathe, couldnt breathe
You lost your power.
I know a place high above
Is it the place were you are now?
(chorus)
Your voice is echoing in my head
When im lying sleepless in my bed.
Not long ago, you were here
But you faded in the nighth.
Still you echoing in my head.
Then you slowly, you slowly faded away.
You spread your wings, your wings and flew
I know a place hig above, is it the place were you are
now?
Your voice is echoing...
I wish you were here, cuz I love you so
Are you all alone?
Is heaven your new safe home..
Your voice is echoing in my head....
