Tears in the eyes of age  
Whisper softly silent sounds  
Tears in the eyes of age  
See a world turned upside-down

Time drifting slowly  
Through the eyes of the Oracle  
Can I ask a question?  
What does the future hold?

Sign of the times my friend  
So much at your fingers' ends  
Sign of the times my friend  
Never reaching things you see

Life passing quickly  
See the eyes of the Oracle  
Can I ask a question?  
What's left for me?

Came see the Oracle the prophet looks my way  
No tricks or crystal gazing, No words to say  
Open your mind to every single thing you see  
All that's good and evil will be frozen in your dreams

So walk with me my friend there's nothing left to fear  
The things you hope to see have never been so near  
Now every day will hold a brighter sun you'll say  
I'd pray for darkness it's the price of sight you'll pay
