Do you think about the future?
Do you see your inner life?
Are you there because you're all alone?
Dreams can weave illusion
Just like time can blur your mind
Take it all and leave the rest behind

Strange Gods upon Strange Alters
Little pieces of me and you
Magic eyes watch you falling faster
Past the places you thought you knew

Is it real or is it something?
High above or far below?
Can you see it Can you touch and Feel?
Far beyond Tomorrow
In a place no one remembers
Will it matter if you Worshipped the sun?

Strange Gods upon Strange Alters
Little pieces of me and you
Magic eyes watch you falling faster
Past the places you thought you knew

See it all, Coming clear, believing in you
What is there, Cannot say, You'll see it too
Who are you, Who am I, Waiting to find
Will it be, Can it be, Seems so unkind
Believing, Believing this time

Take it all, Looking back, Finding you there
Worship me, Worship you, Why should I care
I can see, You can hear, What does it mean?
Look inside, See it there, All just a dream
I'm leaving, I'm leaving this time
Strange Gods, Strange Alters
