Part of the machine  
Comes to wake me from my dreams  
Even though the sun is bright and clear  
Engines start to whine  
See the fire in my mind  
Burn the past and lead me on my way

Living the lies  
Can you see through my disguise?  
Turn your head and look the other way  
All I need is this  
Live it all for what it is  
Time will take it all out in the end

Now my world is turning  
And it seems I'm synchronized  
Will it ever be this way again?  
Too much too soon  
Always too late

Visit the past  
Cause the future never lasts  
Close your eyes to see what came before  
Picturing this  
Turning back to what I missed  
Maybe I can get another chance
