I will wait for you  
I will wait for only you

and i miss that smell  
the smell of your hair in the spring  
and i miss that touch  
the clasping of our hands together in love

emma, my dear  
won't you lay with me?  
leave behind our worries  
emma, my dear  
won't you lay with me?  
leave behind our worries

playful as a child will i tend to you  
as forever as diamonds will i wait for you  
i will wipe the tear from your brow  
and raise your chin gently to touch my lips to yours

emma, my dear  
won't you lay with me?  
leave behind our worries  
emma, my dear  
won't you lay with me?  
leave behind our...

emma, my dear  
won't you lay with me?  
leave behind our worries  
emma, my dear  
won't you lay with me?  
leave behind our, leave behind our...

i will wait for you  
i will wait for only you  
i will wait for you  
i will wait for only you
