Love me baby with emotion
Baby love me with devotion
I see tenderness in your eyes
It's a feeling that you can't disguise
Love me baby, baby love me
In the starlight, in the moonlight
Love me like a flower love the sun
Love me every moment from now on

Only yesterday i was lonely in a park
Playing spanish music on my spanish guitar
Then you walking girl, looking like a movie star
Now that we're together
Please don't love me from afar

Love me baby with affection
Baby love me to perfection
Love me like a breeze loves to play
Blowing through the leaves the summer day
Love me baby, baby love me
Love me truly, love me dearly
Love me like green grass love the rain
Love me like a night fly love the flame

Sweetly, love me sweetly
Gently, love me gently
Only, love me only

Love me baby with emotion
Baby love me with devotion
I see tenderness in your eyes
It's a feeling that you can't disguise
Love me baby, baby love me
Love me even when i'm crazy
Love me when i sing and when i dance
Love me like young lovers love in France

Lucky, lucky me for a honey girl like you

All i do is love you turn into honey to
Sunlight in your eyes don't you feel the same way too
Now that we're together you love me and i love you

Love me gladly, love me madly
Don't you tease me, come on squeeze me
Love me all the days and all the night
Love me like a man should love his wife
Love me baby with emotion
Baby love me with devotion
