Used to wake up every morning with you,
I never wanted you to,
Leave me here all alone,
Cause you left without, even a sound.
I couldn't stand on my own,
I just keep falling down.
When I fell there was,
No one to catch me,
And I can't stand to be,
With out you now.
We need to spend this moment, together.
It's tonights life,
And it only comes once a year,
So pack, your, bags and come with me,
Oh.
But it's up to me,
To take care of myself,
I never wanted this,
To ever happen like that,
I can't believe you'd do this to me, yeah.
Cause it's tonights life,
And I want to spend it with you, Oh...
We need to spend this moment, together.
It's tonights life, (Tonights life).
And it only comes once a year(once a year).
So pack(pack)
Your(your)
Bags and come with me,
Please share this moment with me,
Please share this moment with me.
Tonights life,
Tonights life,
Tonights life,
Tonights life...
