If I could bottle this up
I'd make a million
If I could tell everybody in town
Of what I've been feeling

It's guaranteed to put a smile on your face
A song in your heart after one little taste
A man could make a million bucks
If I could bottle this up

Oh, if I could take your kiss and twist it into liquid fall
And mix it with the way I melt it in your arms
Sprinkle little twinkle or two from your eyes
And a dabble this fabulous feeling inside
Folks would just eat it up if I could bottle this up

Ooh, if I could bottle this up
I'd make a million
If I could tell everybody around town
What I've been feeling

Oh, it's guaranteed to put a smile on your face
A song in your heart after one little taste
Well, I could make a million bucks
If I could bottle this up

I can see me now, people knocking down my door
Till I could get it on the shelf of the local department
store
And I can see it now going right to the top
I bet it would sell to the very last drop
Folks couldn't get enough if I could bottle this up

If we could bottle this up
We'd make a million
If we could tell everybody in town
Of what we've been feeling

It's guaranteed to put a smile on your face
A song in your heart after one little taste
The world couldn't get enough
You know they're just to eat it up

And we could make a million bucks
If we could bottle this up
