It won't be so easy
This time to hurt me
You can try
This time now, baby,
There are no tears left here to dry

If you think you can ruin me like before
If you think you can do that anymore
Won't get too far, no
You can't break a broken heart

(Chorus)

So try your best now baby
Try your best to break me
You can't break a broken heart
No damage you can do now
I'm immune to you now
You can't break what broke apart

There's nothing you can do to me no more
You can't break a broken heart

You hurt me before, now
Won't hurt no more, now
Not this time
You might do better
Messing with someone else's mind

~Cause you're not gonna break me down again
You're done with doing me the way you did
It's gone too far, yeah
You can't break a broken heart

(Chorus)

So try your best now baby
Try your best to break me
You can't break a broken heart
No damage you can do now
I'm immune to you now
You can't break what broke apart

There's nothing you can do to me no more

You can't break a broken heart

So don't waste your time
Your time has come and gone
What are you here for?
You can't hurt me anymore

(Chorus)

So try your best now baby
Try your best to break me
You can't break a broken heart
No damage you can do now
I'm immune to you now
You can't break what broke apart

There's nothing you can do to me no more
You can't break a broken heart

(Chorus)

So try your best now baby
Try your best to break me
You can't break a broken heart
No damage you can do now
I'm immune to you now
You can't break what broke apart

There's nothing you can do to me no more
You can't break a broken heart

Break a broken heart
