Can't believe the words you said your voice keeps  
hitting me in the head  
I remember when you told me you'd never say mean  
things like that.  
Thought you had your love in tact but I was wrong  
thinking things like that  
Might be time to reconsider what my plans have been.

Cause when the girls walked by I could see that you  
never really wanted to be with me  
Out the corner of your eye you were saying hi you're  
never satisfied.

You don't have a heart.  
You don't have a soul.  
You don't see things clear and baby I'm too old  
To teach you about love  
Or get down on my knees  
I wish you the best but it's time for me to leave  
No, You don't have a heart.

Oh I used to think that you had it all you said the words  
and I'd start to crawl  
What a fool believes is the everything.  
Oh I must have had a head made out of wood wasn't  
thinking with my brain like I know I should.

My heart led the way but I'm not ashamed.

Cause when a woman's blind to all the heartaches she  
never knows the price she's gonna have to pay  
You stole my heart and took my pride but I'll survive  
and come out on the other side.

Chorus

Oh we all reap what we all sow your times coming you  
don't even know.  
It's worth the wait to watch you burn  
I'm front row center as the tables turn.

Chorus
