Up in the clouds is where you feel safe  
It's not what you want but you need to change  
Cause we're waiting still and we mean to go on  
Cause you're here today, tomorrow you're gone

Come down from your tree, come down  
No one can reach you  
You're playin' the part of the clown  
So come down

There's smoke in the air  
And there's dust in your lungs  
Nobody cares cause they're just in his own  
Your mother is watchin' you  
Her only son  
Cause you're gettin' older  
We're all gettin' older

Come down from your tree, come down  
No one can reach you  
You're playin' the part of the clown  
So come down  
Come down

Does your father know what he does  
It's in the words that we never spoken  
The door's still open

Come down from your tree, come down  
No one can reach you  
You're playin' the part of the clown  
So come down  
Come down
