It's a lovely day to be alive, it's a modern age
We're waking up if we survive, and we're on our way
Take it from me, take it from me, take it from me
you don't wanna miss this ride
Take it from me, take it from me, take it from me
you don't wanna miss this ride

You'll find panic stricken faces running frantic through
their paces
trying to pick up points in all the wrong places
well i like to keep my life on the simple side
i could make it harder if i wanted to but why should i?
oh why?

you don't wanna miss this ride

Well it's part of the equation of the ever changing
station
tragedy will find you if it wants to
so i recommend you hang tough with your friends
let the family extend, let it guide you

you don't wanna miss this ride

It's a lovely day to be alive, it's a modern age
We're waking up if we survive, and we're on our way
