We will be waiting for the sun...

oh yeah i can see that you're finished with me  
i didn't show up  
and i didn't make peace  
and i didn't try lying to hide my defeat  
you laugh but you dream and it's always the same  
thing  
its sad to have dream without dreamer

you're carved out of this place  
and you'll stand in your own way  
and you'll make a decision that affects us all

i'll be your figment  
i know you don't believe in me  
and i can tell that you are so nearly done  
i have to close my eyes to see it true  
but this i knew  
this is the dream and it's worth everything to you

i'll wait for you  
you strafe the sky with your desire to fly

you're carved out of this place

i'll draw the covers and curl up tight  
i'll hide my eyes and shun the light

i'll rise when the same times reflect back the same  
things  
never in daylight
