I'm not the kind of girl to linger
You won't see tears in my eyes
A deep desire burns within me
And all my dreams that fan the flames
Will keep me moving on

Chorus

Just call me a wildfire
Call me a wildfire
I'm burning up my past
Ain't never turning back
Just call me a wildfire

Someday I know I'll find the answers
This restless spirits haunting me
Deep in my souls a burning question
And all my dreams that fan the flame
Will keep me moving on

Chorus

I'm burning up my past
Ain't never turning back
Just call me a wildfire

Repeat
