I'll take your life and hold it
(I)
Won't look back
Won't look back
I'll take your life I'll
Hold it
(I)
You can have the bullet!
You can have my bullets!

And I knew
That I would
Find you
To stay with me, for her

And I knew that I could
Give it all for her
To save her smile, I'd fall

Now I know
That I should
Leave her
And let this flower grow

Now I know
That I couldn't
Find her
I'll fall down, with you

I am THE WATER FOR YOU EYES
