So weæŠ®e flying down the freeway,  
But we donæŠ° know where weæŠ®e headed.  
DonæŠ° ask for directions, no one knows.  
Flying to our destination when weæŠ®e there, will we  
regret it?  
DonæŠ° ask all these questions, letæŠ¬ just go.  
Something you just canæŠ° explain.  
Get it all but weæŠ®e insane.  
I see loss disguised as gain.  
Yes I want the reason why weæŠ®e running æ†found  
this earth in fear of a connection with ourselves.  
My greatest fear in life is all læŠ³e worked for has no  
worth.  
And not to recognize whatæŠ¬ my real wealth.  
Still our wheels are going round.  
My feet never touch the ground.  
Am I lost or am I found?  
Yes I know I reach things.  
That will perish in my hands.  
Nothing hereæŠ¬ forever that I know.  
But life is moving quickly ad I cannot comprehend.  
Yes I stumble but hope that I grow.
