Ain't no stoppin' me now!

You can't rock with me  
(No stoppin')  
You can't rock with me  
(No stoppin')  
You can't rock with me  
(You're droppin')  
Ain't no stoppin' me now!

You can't rock with me  
(No stoppin')  
You can't rock with me  
(No stoppin')  
You can't rock with me  
(You're droppin')  
Ain't no stoppin' me now!

Goin' for it all, just tryin' to be the best  
See me breakin' out, nothing more, nothing less  
Wanna be known, want there respect  
Throw me anything, I'll pass their test  
Believe in yourself man, change is everything  
Y'all wanna know, I'm takin' the brass ring  
Call me "underdog," you can call me anything  
I got a lot of blessings, that's what faith brings

You can't rock with me  
(No stoppin')  
You can't rock with me  
(No stoppin')  
You can't rock with me  
(You're droppin')  
Ain't no stoppin' me now!

You wanna start somethin'?  
Think ahead and start somethin'  
Any place, anytime, dog, it's nothin'  
I'm coming from the bottom, on my way to the top  
And if things get hard, I still won't stop  
See, the ambition is what keeps me goin'  
Faith and the blessings what keeps me knowin'

That I'll get in one day, man, you'll see  
I'm a just be all the best I can be
