Make your move, cross the line
Make your move, cross the line
Make your move, cross the line

Baby, make your move
Step across the line
Touch me one more time
Come on, stab me

Baby, make your move
Step across the line
Touch me one more time
Come on, stab me

Baby, make your move
Step across the line
Touch me one more time
Come on, stab me

Baby, make your move
Step across the line
Touch me one more time
Come on, stab me

Baby, make your move
Step across the line
Touch me one more time
Come on, stab me

Baby, make your move
Step across the line
Touch me one more time
Come on, stab me

Baby, make your move
Step across the line
Touch me one more time
Come on, stab me

Baby, make your move
Step across the line
Touch me one more time

Come on, stab me

Baby, make your move
Step across the line
Touch me one more time
Come on, stab me

Baby, make your move
Step across the line
Touch me one more time
Come on, stab me

Make your move, cross the line
Make your move, cross the line
Make your move, cross the line
