I count the stars one by one  
Pick the pocket of the sun  
I gave you everything  
(I gave you everything)

With no regrets I'm standing here  
Shiver naked with no fear  
Your kiss is all I need  
(All I need)

Telephone bruises  
The static comes a live  
Screaming love  
The reason I'm so lucky  
I'll wait if you need time

It's hard for me  
I'm at zero now I need you to believe  
I cut my ties and walk away

With no regrets I'm standing here  
Shiver naked with no fear  
My heart is on my limbs  
(On my knees)

Telephone bruises  
The static comes a live  
Screaming love  
The reason I'm so lucky  
I'll wait if you need time

(screaming part)

The seconds falling by to slowly  
Cut the film and never see

I count the stars one by one  
Pick the pocket of the sun  
I gave you everything

With no regrets I'm standing here

Shiver naked with no fear  
Your kiss is all I need

Telephone bruises  
The static comes a live  
Screaming love  
The reason I'm so lucky  
I'll wait if you need time
