So you're takin' it on the chin
Looks like he's workin' late again
But you don't wanna fight
You find it easier to let things slide

So you pour a glass of wine
And read a book
It's your last chance
For romance

Day by day, you keep pretendin'
That nothin's wrong
But you're just deceivin' yourself
You've been indifferent way too long

Oh, don't you know?
Once your heart was filled with passion
Until you took it all for granted
And now, it comes as no surprise
Tonight, there's trouble in paradise

So you bury yourself in work
It keeps your mind off, how much it hurts
'Cause there's no love left at home
Even when he's with you, you're still alone

You wanna reach out
But you don't know
Where to start
It's easier not to talk at all

Day by day, you keep pretendin'
That nothin's wrong
But you're just deceivin' yourself
You've been indifferent way too long

Oh, don't you know?
Once your heart was filled with passion
Until you took it all for granted
And now, it comes as no surprise
Tonight, there's trouble in paradise

You wanna reach out
But you don't know
Where to start
It's easier not to talk at all

Once your heart was filled with passion
Until you took it all for granted
And now, it comes as no surprise
Tonight, there's trouble in paradise

There's trouble in paradise
Trouble in paradise
Trouble in paradise
Trouble in paradise
