Staring out the window,
Looking for the right words to say,
But I've only got this pen and paper,
To talk to you, tonight.

Staring at your picture,
Wanting you to talk to me,
But never mind these God damn words,
I just want you here, tonight.

Whenever I'm miles from home,
Kiss these tears away,
Whenever I'm all alone,
Kiss these tears away,
I need you here, just for one day,
Kiss these tears away.

Always dream about, yes I do,
Even when I'm wide awake,
But I don't know when I'll get to hold you,
I'm forgetting how you feel, I don't think I can take no
more.

Whenever I'm miles from home,
Kiss these tears away,
Whenever I'm all alone,
Kiss these tears away,
I need you here, just for one day,
Kiss these tears away.

Been so long without you,
It's hard to carry on,
When you compete me.
Now it keeps getting harder,
To go on without someone when that someone is your
life.

Whenever I'm miles from home,
Kiss these tears away,
Whenever I'm all alone,
Kiss these tears away,
I need you here, just for one day (just for one day),

Kiss these tears away.
