Iâ€™ve met girls in high society
Kissed girls of all variety
But now in my sobriety
One thing is clear

I always wanted something more
Something I hadnâ€™t had before
They say thatâ€™s what your heart is for
I guess its love actually, love actually

Donâ€™t buy a dress or book the band
Donâ€™t look for flights to Disney Land
â€™Coz Iâ€™m not asking for your hand
All I want is, All I want it
Someone I can be myself with
Lie around on Sunday morning with
Nothing to do except love actually, love actually, love
actually, love actually

So when Iâ€™m sitting in the twilight years
Iâ€™ll have someone by my side
You wouldnâ€™t leave alone
Put me in a home
Keep me satisfied, Oooh

I always wanted something more
Something I hadnâ€™t had before
They say thatâ€™s what your heart is for
I guess its love actually, love actually, love actually
Yeah its love actually
Yeah itâ€™s L-O-V-E actually (x3)
Thatâ€™s love
Yeah
