David Sneddon
"Lullaby (With Lemar And Ainslie)"

Open her eyes,
Cause her to fall in love with me
Help me to speak,
Bless me words that she will feel,
Oh let it rain, droplets of sunshine in her life,
Give her the world
But let it be me she longs to hold

I canÂ't wait, I wonÂ't wait,
Coz tomorrows too late,
And I need her right now in my life
All that IÂ'm praying for is my love finds her like a
lullaby,
Finds her in the night, sings her to sleep,
All that IÂ'm hoping for is my Love finds her like a
lullaby,
Sings her to sleep, sheÂ'll wake with me

Rewind the days,
To when she first laid eyes on me,
Ignite the fire
Let it burn uncontrollably,
Oh IÂ'm in love
IÂ've never felt this way before,
Make her feel the same, and I will ask of you no more

I canÂ't wait, I wonÂ't wait,
Coz tomorrows too late,
And I need her right now in my life
All that IÂ'm praying for is my love finds her like a
lullaby, finds her in the night,
Sings her to sleep,
All that IÂ'm hoping for is my Love finds her like a
lullaby,
Finds her in the night sings her to sleep, She'll wake
with me

This is my prayer IÂ've no shame to declare that IÂ'm
praying for you,
Laid down a love song made up this melody
Oh let this lullaby cry out and catch her

All that IÂ'm praying for is my love finds her like a
lullaby,
Finds her in the night,
Sings her to sleep,

All that IÂ'm hoping for is my Love finds her like a
lullaby, sings her to sleep, sheÂ'll wake with me

All that IÂ'm praying for is my love finds her like a
lullaby,
Finds her in the night,
Sings her to sleep,

All that IÂ'm hoping for is my love finds her like a
lullaby,
Sings her to sleep, sheÂ'll wake with me

SheÂ'll wake with me, SheÂ'll wake with me, SheÂ'll
wake with me, SheÂ'll wake with me.
