Ooh,I'm waiting for you  
Ooh,Ooh  
Ooh I'm waiting for you baby

I want you now  
So you can lay on my bed  
While you give me some head

I want you now  
So I can do you now  
And you don't say ow

Anytime day or night  
I just think it feels all right

Lets do it now  
On the bed  
We can do it in the day  
Or night instead

Dial me now  
I want you to dial  
So we can do it doggy style

Annytime day or night  
I just think it feels all right

Lets do it on the bed  
On the bed  
We can do it in the day  
Or night instead

On the bed  
Yeah  
On the bed  
Oh yeah  
On the bed  
On the bed  
On the bed
