Mmmm, Baby Baby,  
(Chorus)

They Said I'd Never Make it past the First step,  
They Said You'd Never Fall In love with Me,  
They Said I'd Be tied up by My neck,  
They Said They knew, Well, I guess they were wrong.

We knew we'd make it, Just didn't know when,  
They would just let it, come to an end.

(Bridge)

I knew it, They knew, You were the only one left,  
Who Knew you'd be the first, Well, I'm Telling you now  
baby, I'm Still Sorry.

(Chorus)x2

I knew you say it, I knew we'd do it, Just why did they  
say that?  
Why did they say it to you? Why did they do that to you?  
Now your looking down on me,  
I wish I Could Say I'm sorry, Cos baby It's true.

(Bridge)

(Chorus)

They Said They'd Have you Hanging by your Last  
string, They Said What They Beleive,  
Andbaby, im bagging on banded knee, Please come  
back to speak to Me, Is there any Hope?  
Is it all those Things They said?

(Chorus)x2

Oh Baby, I love you and you know it, so will you come  
back to speak to me?
