My yesterdays are all boxed up and neatly put away
But every now and then you come to mind
'Cause you were always waiting to be picked to play the
game
But when your name was called, you found a place to
hide
When you knew that I was always on your side

Well, everything was easy then, so sweet and innocent
But your demons and your angels reappeared
Leaving only traces of the man you thought you'd be
Leaving me with no place left to go from here
Leaving you so many questions all these years

Is there someplace far away, someplace where all is
clear
Easy to start over with the ones you hold so dear
Or are you left to wander, all alone, eternally
This isn't how it's really meant to be
No, it isn't how it's really meant to be
Well, they say that love is in the air but never is it clear
How to pull it close and make it stay
Butterflies are free to fly and so they fly away
And I'm left to carry on and wonder why
Even through it all, I'm always on your side

But is there someplace far away, someplace where all
is clear
Easy to start over with the ones you hold so dear
Or are you left to wander, all alone, eternally
But is this how it's really meant to be
No, is it how it's really meant to be

If they say that love is in the air, never is it clear
How to pull it close and make it stay
If butterflies are free to fly, why do they fly away
Leavin' me to carry on and wonder why
Was it you that kept me wondering through this life
When you know that I was always on your side
