I wanna take you down to the river  
I wanna wash the blood from your hands  
I wanna make you see you belong to me  
You won't ever win

I wanna walk out over the water  
I wanna tear my heart from my chest  
I wanna change my face, wanna leave this place  
Start all over again but don't you know

(You're wasted)  
More than you asked for  
(Wasted)  
In through the outdoor  
Oh, oh, oh, oh, oh  
You're lucky kid  
(Wasted)

I wanna turn you into a corvette  
I wanna drive you out of your mind  
I wanna watch your face when you reach that place  
That you could ever find

I wanna make you scream for mercy  
(Make you scream for mercy)  
I wanna break the silence within  
(Break the silence within)  
And take you to your knees, just like you did me  
And crawl around in your skin  
Oh, don't you know

(Wasted)  
More than you asked for  
(Wasted)  
Out through the indoor  
(Wasted)  
Oh, oh, oh, oh, oh  
(Aaa)  
You're lucky kid  
(Wasted)  
Oh, oh, oh, oh, oh  
(Aaa)

You're lucky kid  
(Wasted)  
Yes

Wasted  
You got more than you asked for  
Wasted  
You went in through the outdoor  
You tasted  
But you never had before  
You wasted everything  
And now you're such a bore  
Ah, ah, oh, oh, oh  
(Aaa)  
But you're lucky kid  
(Wasted)  
Ah, ah, oh, oh, oh  
(Aaa)  
'Cause I know what you did  
(Wasted)  
Ah, ah, oh, oh, oh  
(Aaa)  
Yea, you're lucky kid  
I got your number  
Ah, ah, oh, oh, oh  
(Aaa)  
You get away with it  
Ooh  
Ooh  
Ooh  
Ooh
