Sunny morning  
You can hear it  
Siren's warning  
There is weather on both sides  
And I know it's coming  
Just like before  
There's a black dog  
That scratches my door  
He's been growling my name saying  
You better get to running  
Can you make it better for me  
Can you make me see the light of day  
Because I got no one  
Who will bring me a  
Big umbrella  
So I'm watching the weather channel  
And waiting for the storm  
It's just sugar  
Just a pill to make me happy  
I know it may not fix the hinges

But at least the door has stopped it's creaking  
I got friends  
They're waiting for me to comb out my hair  
Come outside and join the human race  
But I don't feel so human  
Can you make it better for me  
Can you make me see the light of day  
Because I got lab coats  
Who will bring me a panacea  
While I'm watching the weather channel  
Waiting for the storm  
You won't want me  
Hanging around the birthday pony  
Even though it's just a game  
You know we are the same  
But you're the better faker.
