Now that you are falling down  
You can just come around  
And unload your truck  
Full of comic junk

And now that you have found yourself  
You light a match, and run like hell  
It's the only way  
For you to feel okay

Now that you got what you wanted  
You want more  
Now that you got what you wanted  
It's not enough

And you want more

Now that I'm out of good advice  
And though your drama just won't fly  
You still crawl back here  
Can't resist you

But now, where have you gone?  
With that ticking box your on  
You've taken everything  
And you'll be back for me

Now that you got what you wanted  
You want more  
Now that your got what you wanted  
It's not enough, it's not enough

And you want more  
Yeah, you want more  
You want more
