One push, you fall in
Born in darkness
Born in darkness
An' built on shame

Hurting
Filled with silence
Filled with silence
And stars, stars, stars

Find the ladder
Climb the ladder
To God's monkey

No songs to sing
That I believe in
That I believe in
Can't breathe the air

It's too thin
This far from heaven
This far from heaven
And stars, stars

Find the ladder
Climb the ladder
To God's monkey

Find the ladder
Climb the ladder
To God's monkey

Find the ladder
Climb the ladder
To God's monkey
