Out upon the open fields
The rain is pouring down
We're pulling up the sheets again
Against the passing tides of love
Every doubt that holds you here
Will find their own way out

I will build a shelter if you call
Just take my hand and walk
Over mountains high and wide
Bridging rivers deep inside
With a will to guide you on
Your heart will need no one
Those days have gone

Baby, I can tell you there's no easy way out
Lost inside of dreams that guide you on
Baby, I can tell you there's no easy way out
Soon the guiding moonlight will be gone

Out upon the ocean waves subside
From the weakness of the tide
That punishes in kind
When the heavens open wide
Every shore the moon shines on
Every word the siren sung
Believing the one

Baby, I can tell you there's no easy way out
Lost inside of dreams that guide you on
Baby, I can tell you there's no easy way out
Soon the guiding moonlight will be gone
