It seems that I remember  
I dreamed a thousand dreams  
We'd face the days together  
No matter what they'd bring

A strength inside like I'd never known  
Opened the door to life and let it go

This sun may shine forever  
Upon the back of love  
A kingdom raised from ashes  
And held within your arms

And should the rain break through the trees?  
We'll find a shelter there and never leave

I'll run to you  
Nothing stands between us now  
Nothing I can lose  
This light inside can never die

Another world just made for two  
I'll swim the seas inside with you  
And like the waves without a sound  
I'll never let you down

Upon a wave of summer  
A hilltop paved with gold  
We shut our eyes and made  
The promises we hold

A will to guide and see us through  
I'd do it all again because of you

I'll run to you  
Nothing stands between us now  
Nothing I can lose  
This light inside can never die

Another world just made for two  
I'll swim the seas inside with you  
And like the waves without a sound

I'll never let you down

I'd tear my very soul to make you mine
