I'll always remember the song they were playing
The first time we danced and I knew
As we swayed to the music and held to each other
I fell in love with you

Could I have this dance for the rest of my life?
Would you be my partner every night?
When we're together it feels so right
Could I have this dance for the rest of my life?

Could I have this dance for the rest of my life?
Would you be my partner every night?
When we're together it feels so right
Could I have this dance for the rest of my life?

I'll always remember that magic moment
When I held you close to me
As we moved together, I knew, forever
You're all I'll ever need

Could I have this dance for the rest of my life?
Would you be my partner every night?
When we're together it feels so right
Could I have this dance for the rest of my life?
