Breathe blood is in the water  
Hold on tight i'm coming  
I'll be there soon  
Keep your eyes high on the horizon  
All the clouds are falling  
Between me and you

And you've grown so cold  
Too numb to notice  
That the sky has turned so blue

Fight even underwater

Struggle makes it harder  
There's nothing left to do  
Don't close your eyes even for a moment  
Even for one second  
I'll be there soon

And we close our eyes  
Too numb to notice  
That the sky has turned so blue
