Walking underwater
Sinking in the sand
Thought I saw the future
Just out of reach

Weighs me like an anchor
Wraps around our feet
Drags me to the city
I can see

You and I are helpless
Falling like the leaves
Blowing through the city

I am the weapon

Forget the world I promised
Take only what you need
Things that really matter
You know that we're helpless
Just waiting on our knees
And nothing really matters
I am the weapon

So we crumble into sand
Takes the better part of me
Leaves me waiting by the shore
And I don't care I don't care
I don't need you, I won't ever let go
So we crumble 'til it's gone
