I once saw a man on fire  
Staring at his window  
Watching as the flames grew higher and higher  
I thought that i saw him cry  
Or was he only laughing  
As his life went rushing on..

And maybe we're just like him..  
Maybe we're all waiting  
For our moment to begin

Who of us are open  
Who of us have freedom really  
Who of us can tell what these dark days will bring  
All of us are hurting  
All of us are crazy now  
All of us are watching the world as it spins

I once had bird like u  
A bird of prey  
Still your tearing at my insides  
And yesterday when you flew so far away  
If you find the morning save a piece for me

Who of us are open  
Who of us have freedom really  
Who of us can tell what these dark days will bring  
All of us are hurting

All of us are crazy now  
We're crazy now..

I'll smoked a cigarette  
I'll eat the flesh instead  
Another whiskey more or less  
Or more or less, yea  
I like the drugs that sail  
I love u when we fail  
When we fail

I once saw a man on fire  
Staring at his window

Watching as the flames grew higher and higher  
I thought that i saw him cry  
Or was he only laughing  
Laughing..

Who of us are open  
Who of us have freedom really  
Who of us can tell what these dark days will bring  
All of us are hurting  
All of us are crazy now  
We're crazy now..

All of us are hating  
All of us are dreaming  
All of us are watching these times of our lives  
We want it all  
We want for nothing  
For nothing now
