On the wind
Take hold of the tigerÂ's tail
ItÂ's tragic when first love dies
Religious when stars collide

When it hurts
DonÂ't let go
Give up hope
As weÂ're falling back down to the earth
Lightning fails
We all know
That no one can lead us back home

Open wide
Invite all the world inside
Never was hard to take
The pleasure has been all mine
When it hurts
DonÂ't let go
Give up hope
As weÂ're falling back down to the earth
Lightning fails
We all know
That no one can lead us back home
