So you're saying that it's over and that i am blinded by  
the truth.

How can you still look me in the face after all the  
promises you made?

You know that every word i say is true.

Tell me what you have to say tonight.  
Break my heart and hope to die.  
After everything you've put me through,  
I won't let you let me down again.

Now you're saying that it's all my fault and i'm the only  
one to blame.  
How can you get up and walk away without ever saying  
what was wrong?

Tell me what you have to say tonight.  
Break my heart and hope to die.  
After everything you've put me through,  
I won't let you let me down again tonight.
