there's something
i can't explain
about you
that makes me weak.
i lose my breath
to feel your touch.
i'm helpless.
rescue me.

i see you
and i can't speak.
emotion
gets the best of me.
so sweetly,
i dream of of you.
complete me.
i need you.

your eyes, your eyes.
oh, how they shine.
i can see the relection of the stars in your eyes.
as i gaze, as i gaze
i see everything
i've been searching for.
catch me i'm falling
