I'm falling apart again  
And I can't find a way to make amends  
And I'm looking in both directions  
But it's make believe, it's all pretend

So...  
She'd some light on me  
And hold me up in disbelief  
And she'd some light on me  
And tell me something that I'll believe in

It's innocence within the maze  
But I have chosen the wrong way  
I'm still getting over who I was  
There's no sense of trust, there's no definition of love

So...  
She'd some light on me  
And hold me up in disbelief  
And she'd some light on me  
And tell me something that I'll believe in

I know now, it's not who you are  
It's who you know  
And I see clearly now, which way to go  
I remember the way I fell from above  
And I recall the way I was

So...  
She'd some light on me  
And hold me up in disbelief  
And she'd some light on me  
And tell me something that I'll believe in  
She'd some light on me  
And hold me up in disbelief  
And she'd some light on me  
And tell me something that I'll believe  
Tell me something that I'll...  
Tell me something that I'll believe  
Tell me something that I'll believe  
Something I'll believe
