Someday, when I'm older
And they never know my name
Somehow, if I'm honest
I can never feel ashamed
Maybe I was wrong to
Hold you up so high
Now I know I've lost you
To the feelings I kept inside

I don't know if it felt like
I wanted you here, the way that I wanted you last time
We're not on the same page, you don't even know me
Cause you never took the time

Someday, when it's over
And you never show your face
I hope you'll remember
How I tried to make you a place
And so now, I move on
To keep my piece of mind
In someday, I've failed you
But I just ran out of time

I don't know if it felt like
I wanted you here, the way that I wanted you last time
We're not on the same page, you don't even know me
Cause you never took the time

I'm not sure that you hear me
I'm not sure that you look at me the same
I will always be attached to you
But I'm never gonna feel the same

I don't know if it felt like
I wanted you here, the way that I wanted you last time
We're not on the same page, you don't even know me
Cause you never took the time
No, you never took the time

Someday, when I'm older...
