Hear these words that i'm saying to you. listen good,
'cause this won't be the first time you have hear me say
goodbye.
Goodbye.

I remember you told me that i was the only one that you
would need.
Now i wish i could show you all the scars you've given
me.

Now all your excuses you're giving are useless,
'cause now i see through you.
Your need to find something better now leaves you
alone.

If you stop, look around, listen to what i'm telling you,
You'll see everything you've been living for.
